Active Manuka Honey

Nature's Sweet Superfood

Made by some of the world's healthiest bees*, Capilano Active Manuka honey is naturally rich in Methylglyoxal (MGO). The higher the MGO, the more potent the honey's activity.

Delicious Taste

Australia produces some of the most potent, best tasting Manuka honey in the world due to our warm climate and diverse number of *Leptospermum* (Manuka) varieties.

Capilano's premium, bioactive Manuka honey has a rich, smooth, caramel taste.

Boost your Daily Health Routine

Squeeze the bioactive goodness of Capilano Active Manuka honey into your daily cup of tea, coffee, smoothies, yoghurt or cereal, or simply enjoy by the spoonful.

Method

2. In a large bowl combine flour, baking powder & caster sugar. Whisk to combine then add water and mix well until the mixture resembles a runny pancake batter. Set aside to rest for 15 minutes.

3. Heat a non-stick pan over medium-low heat. Add batter to the pan a tablespoon at a time and spread each using the bottom of your spoon. The mixture will look glossy when first in the pan, but over time it will bubble and become matte as it cooks. Cook for 1-2 minutes without flipping. Remove cooked pancakes and set aside. Repeat with remaining batter until complete, then allow to cool completely.

4. To assemble, place 1 tablespoon of ricotta mixture in the centre of each cool pancake and pinch the middle together to close it.

5. Dip edges into crushed pistachios to coat each side.

6. Arrange on a plate and when ready to serve, drizzle with Capilano Active Manuka Honey.
